

Nurse Practitioner

Job description

Job Overview

We are seeking a dedicated Nurse Practitioner to join our healthcare team. The ideal candidate will have a passion for providing high-quality patient care and possess a diverse skill set to contribute effectively to our medical facility. Primarily clinical/office based setting assisting a high volume joint replacement surgeon.

Duties

- Provide comprehensive healthcare services to patients
- Conduct physical examinations and patient assessment
- Conduct post-operative check-ups/evaluations
- Conduct aspirations, injections, and cryoneurolysis treatments
- Answer clinical phone calls from patients
- Minor Administrative responsibilities including: overseeing weekly office and OR schedules, compiling x-rays/imaging studies needed for surgical cases and managing inventory for office based procedures
- Collaborate with physicians and other healthcare professionals to deliver care

Requirements

- Previous experience in Orthopaedics is desired, but not mandatory
- Familiarity with electronic health record systems
- Ability to administer injections
- Strong time management skills and attention to detail

Join our team of healthcare professionals dedicated to making a difference in the lives of our patients. Apply now to be part of a dynamic healthcare environment where your skills and compassion are valued.
